TO THE COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

**PRELIMINARY AMENDMENT**

Prior to examination, please amend the subject application as follows:

In the Specification, in the Brief Description of the Drawings:

At page 5, line 14, please replace "Figure 12" with --Figure 13--.

At page 5, line 13, after the ".", please add the following paragraph:

-- Figure 12 is a block diagram of the objects in the object model.--

In the Claims:

3. In a computer network comprising a server system and a client system, a client-controlled method for generating a textual mark-up presentation document for presentation on an output device coupled to the client system, the method **[comprising]** comprising:
- receiving a request from the client system for the presentation document;
  - sending a template document to the client system;
  - determining from a tag in the template document a network source for a content document and a defined area within the presentation document;
  - obtaining the content document from the network source; and
